Clark Memorial Health’s mission is simple: Making Communities Healthier®. By creating places where people choose to come for healthcare, physicians want to practice and employees want to work, we are providing quality care close to home and investing in our region’s overall well-being. Your support allows us to continue to enhance the many ways we serve and care for southern Indiana today and for generations to come. Thank you.

— Martin Padgett, CEO

In 2019, we...

- ...added 73 providers
- ...made more than $5.7 million in capital improvements
- ...distributed a payroll of $86,929,024 to more than 1,380 employees
- ...donated more than $24 million in services to those in need
- ...paid $14,841,538 in taxes

Inviting the best possible providers into our community and supporting them is essential to ensuring access to high quality care. This year, we added providers in heart care, teleradiology, infectious diseases, emergency medicine, obstetrics and gynecology, urology, behavioral health, oncology and more.

By continually investing in our facilities, we’re helping to ensure that we continue to meet our community’s healthcare needs. This year, we invested in a renovation of our ER, 3D mammography, orthopedic surgery instruments, a new boiler and other facility improvements.

We strive to create an environment where talent is recognized, job satisfaction is valued and our employees can effectively use their skills to provide high quality care and service.

Delivering care to all of our neighbors, regardless of their ability to pay, is foundational to our mission and our commitment to our community.

We are proud to be a leader in our region, and our dedication to ensuring fiscal responsibility extends both to our hospital and to our community.
